

Statement of Purpose

Club as a whole

The club will -

- offer highly successful programs in all gymnastics streams, including non- competitive ones (where success will be judged by enrolments and attendance);
- be very well managed financially and in all areas of due diligence and good governance;
- be highly respected and valued by gymnasts, coaches, parents of gymnasts, the gymnastics community, and the local community.

Gymnasts

The club will provide programs for members of all ages and abilities so that the members can have fun, cooperate, support each other, work hard and try their best in whatever program they are participating in.

Coaches and Staff

The club will employ coaching and non coaching staff that will -

- ensure and encourage gymnasts to have fun, work hard, continually improve and feel equally valued and supported without any elitism;
- embrace a 'whole club' mentality by contributing and supporting their own programs as well as other programs offered by the club;
- commit to continually improving their own coaching skills;
- go the 'extra mile' with input to club affairs and events.

Committee

The club's purposes will be monitored and maintained by the club's committee.
